

**Technical Humanitarian Advisor
Consultant
Terms of Reference**

Program	Americas and Caribbean Regional Office, IPPF
Location:	Mexico or Regionally-based
Proposed Start Date	15 July 2023
Duration:	Until 31 march 2024

Background

Role Overview
<p>IPPF Americas and Caribbean Regional Office (ACRO) and the IPPF Global Humanitarian Team are seeking a consultant to support the humanitarian portfolio in ACRO including:</p> <ol style="list-style-type: none"> 1) technical assistance on delivering lifesaving sexual and reproductive health service delivery for a project supporting Venezuelan migrants in Colombia 2) capitalising and support dissemination of lessons learnt of GAC project to regional MAs, including on program design, emergency preparedness and response.
Role Objectives
<p>The Consultant will provide technical assistance to a Global Affairs Canada funded project implemented by the IPPF MA in Colombia (Profamilia) to deliver sexual and reproductive health services including clinical and psychosocial support for survivors of SGBV to Venezuelan migrants and host communities. Additional responsibilities will involve capacity building of MAs in the region on emergency preparedness and response including creating opportunities for sharing and learning from the Colombia project. The Consultant will work closely with the ACRO and Global Humanitarian Team colleagues to complete deliverables.</p>
Duties and Responsibilities
<p>Profamilia Project Support for Venezuelan Migration Crisis:</p> <ul style="list-style-type: none"> - Provide technical support to Profamilia Colombia on the implementation of SRHR including SGBV program targeting people affected by the Venezuelan migration crisis in Norte de Santander, Cauca, Nariño, Chocó and Urabá. - Identify opportunities for sharing and learning for all MAs supporting Venezuelan and other migrants in the region to support best practice adoption and continuity of care - Support the MA's humanitarian response capacity, including for example: context analysis, evaluations, Preparedness and Response Plans, surge capacity etc. <p>Capacity Building:</p> <ul style="list-style-type: none"> - Conduct orientations, trainings, share guidelines and provide technical assistance as required - Organize horizontal learning activities (e.g. webinars, panels etc) for MAs to share and learn about preparedness and response
